

SCAPE AT STEAM NEXT FEST

ITEM SCHEDULE AND ODDS

Every day of Steam Next Fest has its own companion in the Scape demo, and once that day ends, it never drops again. Four giveaway lines run alongside, one item per line per day.

Important: Every companion you find in the game moves to your Steam inventory when you start Scape in Early Access, and becomes tradable once your Steam account meets Steam’s trading requirements. While in-game companions always are tradeable, giveaway companions can be both account-bound and tradable, so check the details of each giveaway.

The fest opens Monday 19 October 2026 at 10:00 PT, 17:00 UTC, 01:00 SGT on the 20th, and closes Monday 26 October 2026 at 10:00 PT, 17:00 UTC, 01:00 SGT on the 27th. Each day turns at 00:00 PT, 07:00 UTC, 15:00 SGT, for the companion found in the demo and every giveaway line alike.

ODDS FOR EVERY FIND

Each find rolls one of five tiers and one of thirty colours. The shape is set by the day.

Tiers

Each tier has its own look.

Tier	Look	Chance
1	The companion alone	80.03%
2	An orbiting planet	16.01%
3	A ring	3.20%
4	Ring and solar flare	0.64%
5	Trail or comet	0.13%

Colours

The same thirty colours on every shape and every tier, so even a tier 1 can roll the rarest colour.

Group	Colours	Each	Group total
Base, 12 colours	Gray, Cyan, Blue, Lime, Green, Orange, Yellow, Purple, Lilac, Pink, Coral, Red	5%	60%
Blends, 12 colours	Venom, Candy, Citrus, Ember, Void, Lagoon, Amethyst, Orchid, Mirage, Cursed, Earth, Twilight	about 3.25%	38.99%
Chase, 5 colours	Northern Lights, Pixel Glitch, Rainbow Explosion, Blue Steel, Magma Eruption	0.2%	1%
Rarest, 1 colour	Total Eclipse	0.01%, one in ten thousand	0.01%

How rare one specific colour is, at each tier

One in this many finds.

	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
A base colour	25	125	625	3,124	15,620
A blend	38	192	961	4,807	24,037
A chase colour	625	3,124	15,620	78,100	390,500
Total Eclipse	12,496	62,480	312,400	1.56 million	7.81 million

A tier 3 in a chase colour is exactly as rare as a tier 5 in a base colour.

GIVEAWAYS

Four lines, one item per line per day, each with its own name. Account-bound giveaways are tier 3 and tradable giveaways tier 1.

Line	Shape	Tier	Trading	How to get it
Twitch Drops	Sensitive Heart	3	Account-bound	Watch any Scape stream with Twitch Drops on, with a linked Twitch account: 30 minutes gives that day's heart
Community & Streamers	Corrupted Heart	1	Tradable	Given out by community managers at game nights or during Streams
Streamers and creators	Speedy Star	3	Account-bound	Given by streamers and creators in the Scape creator program to their audiences
Creator dailies	Menacing Star	1	Tradable	Creators get one per day for completing that day's quest

Twitch Drops also give the Flex emote at 60 minutes and the title Came for the Clip at 90 minutes, each once per viewer across the fest. Watch time adds up across streams and counts toward all three at once

Names by day

The colour follows the day. On the final Monday each line has its own colour, shown in brackets.

MORE REWARDS

- **Finishing the demo:** the title Next Fest Hero, account-bound, for every finisher
- **Joining the Scape Discord:** Welcome Home, the Sensitive Heart in Yellow, account-bound, tier 3
- **Creators' own rewards:** the Face Palm emote, the title First Wave, and Headliner, the Speedy Star in Yellow at tier 3, as their companion

TRADING AND RULES

Every companion found in the demo is tradable on the Steam Market once you own Scape and the holder's Steam account qualifies, and so are the Corrupted Heart and the Menacing Star. Account-bound items never trade.

The catalogue is finite: at most 1,216 possible Steam Market listings, each shape, colour and tier combination its own. Companions found in the demo are named in the pattern "Cutesy Globe | Rainbow Explosion (Tier 3)".

- Items are usable in the demo at once and become Steam items when the player owns Scape
- A day's items never drop or get given out again once the day ends
- After release, names, odds and rules never change, except to fix a critical error, cheating or an exploit

EARLY ACCESS

Everything found or collected during the week is delivered in Scape at Early Access launch on 28 October, and a second Drops campaign with its own companions begins that day. The Next Fest set never returns.
